Greetings,

March 2016

The drought we mentioned last month has come to an end this month. We're still way behind what the farmer's need, but the rain and the cooler temperatures are very much welcome. Even the weekend our men attended a Christian men's camp and got soaking wet, they still came back joyful. Appreciating the rain and the good fellowship they experienced.

Our letter is going out a bit early this month. Paul and Micky are going to Cape Town for just over a week. A few days for sightseeing and 4 days for the All Africa Missionary Retreat. They have these retreats every few years in various parts of Africa, but this is the first time we're able to attend.

Johnson crane company visited this month. They brought blankets and sweets for all the children. Although they didn't get to play with the children on this trip since it was pouring rain outside, all the guests enjoyed their visit and the experiences they had with us. They assured us this will not be the last we see of them.

School is out from 19 March and resumes on 5 April. Most of the children are visiting with family members beginning the 23rd of March. We had some activities for the children for the first few days of the break. For the few children who didn't get to go away, we had some special outings planned for them.

Donations & correspondence can be sent to the following address: 200 Solley Dr, Winchester, MO 63021
Our South African address: P.O. Box 1265 Vaalwater 0530 South Africa

Our chicken house is slowly progressing. We have the sand/stone/cement and bricks on hand now. We also were blessed with a truck full of ready mix cement that was used to fill in the outside edge of the foundation. With the holidays, it is hard to make much progress with buildings. We are still trying to get a small cement mixer donated and also find an unemployed builder who will assist Philip in the building of the chicken house.

Birthdays this month. Elizabeth turned 8, Thapelo turned 7, and Junior turned 4.

Prayer requests: Teyani's eye lesion. Short and long term volunteers. Additional missionaries to meet current needs at The Fold, especially teachers. Protection and stability for The Fold children. Long term funding for our school. We need more rain.

Praises: The local interests in The Fold continue to increase. All our new children. Rain. The saturation team which continues to help out once a week.

God bless,
Paul and Micky Prince
