Greetings,

August 2011

We held our annual general meeting of The Fold's board early in the month and it was a productive meeting. We had done a lot of work on the second home prior to the meeting, so the board members could see how the home would be laid out and our vision for the second family. A lot of painting was done and donated carpet squares glued down. It really looked fantastic after all that work. It almost looks ready to move in. However, we still need the funds to install the electric and finish the plumbing. We also need to raise an additional \$1500 per month in order to support the second household. Please pray about becoming a supporter of our second household.

Baby lucky turned 2 this month. He really enjoyed his cupcake. Maria and Piet each lost two baby teeth. We also had more play items donated for the playground. The little ones really like those see-saws.

We have some new friends, Mick and Lynn. Mick has come out two Saturdays to work on finishing one of the large pieces of playground equipment. His wife Lynn has really bonded with our children and has offered to come out and help with their education. We have a few other friends who are also interested in helping with the education. This is another area where we really need additional funding. Piet and Lucky who are 11 and 9, are in the 2<sup>nd</sup> and 1<sup>st</sup> grade. They were not taken to school in their earlier years. We're doing after school tutoring and need about \$500 additional funds per month to cover this cost as our volunteers cannot be with us on a daily basis.

We had more meat donated this month by some good friends. We had Mary and Carole visiting us when the meat arrived, so they were happy to help cut up some of the meat for a stew for the family. Our children really enjoy the stew.

Donations & correspondence can be sent to the following address: 200 Solley Dr, Winchester, MO 63021

We had a church group out helping us for a second time. They cleared out some brush and small trees in the anticipation of building a wall for kicking a soccer ball against and for tennis ball practice. They also played with the children and everyone had a very good time. We really appreciate their interest in what we're doing.

Spring has just arrived and the grass will be growing soon. We have the use of a tractor and slasher for use on the large fields. However, our small lawn mower has pretty much died from over use. We desperately need a new mower for the small jobs around the building and in the children's playground. We have gotten estimates of approximately \$600 for a mid range quality mower. Please pray about helping with this item.
