prince@princeministry.org

Greetings,

September 2014

Another busy month. We were blessed with a donation of first aid training and fire extinguisher training. We're required to have this training by the social welfare system, and it's very expensive. We had a visitor from Texas whose husband was here hunting and his wife Ila came to spend two days with us, and brought a check from the company she works for. Micky also had a friend she worked with 20 years ago visit for 3 days. It was great to see Cheryl again.

Communication was a huge issue again this month. The post office is in it's second month of being on strike and our internet was having major issues. We're very excited to welcome our third grandchild into the world. What a beautiful baby. Unfortunately we won't get to hold Bella until she's about a year old.

About eight of our children participated in an arts festival this month. It was also Teyani and Mama Kedibone's birthday. Teyani had another eye exam. He continues to improve. The doctor wants him to see a specialist the end of next month.

The office remodeling is completed and it looks fantastic. We now have our own library and computer lab. Thanks to the Hayes family, Adam's dad, Bud and Lori Aplin, and Bob and Mollie Shobe and all their hard work.

Donations & correspondence can be sent to the following address: 200 Solley Dr, Winchester, MO 63021
Our South African address: P.O. Box 1265 Vaalwater 0530 South Africa

Our male kudu had an accident and broke his leg. We had no choice but to put him down. Ethan has become a real master with his compound bow, so Ethan was able to put him out of his misery. We hated to do it, he was a beautiful animal. Ethan will be having the skull mounted and the skin tanned. We have a freezer full of meat.

The Hayes family left the end of this month on furlough. They will return the first week of January. While gone, they will be raising funds for their support, representing The Fold and Prince Ministry at the missions convention, and visiting with family. They will be sorely missed. On a good note, we had a recent call with the Botzum family, and if all goes well, they could be here as early as April.

Prayer requests: Ability to get paperwork finished quickly and submitted to the social welfare system, and a quick approval. Teyani's eye lesion. Short and long term volunteers. Safe travels and return of the Hayes family.

Praises: The Botzum's future with The Fold. Local interests in The Fold continue to increase and the recent donations. Acknowledgement from the social welfare system. Teyani's eye continues to improve.

God bless,
Paul and Micky Prince
