prince@princeministry.org

Greetings,

August 2015

We have great news this month. We have new coworkers. Philip, Retha and their two children

Megan and Dawid du Plessis have joined The Fold. They are all born and raised in this area. In only a few short weeks, they have made a huge difference at the Fold. They also have a lot of contacts in the nearby larger town of Lephalale. They have gotten promises of future help from many businesses in the area. Missionaries from South Africa do not have an easy time of raising funds to support their work on the field. We will be giving them a small stipend to make ends meet while they begin to raise funds for themselves. If you would like to help

support their work with us, you can send your donation to our forwarding agent listed below (US address) with a note that it is for the du Plessis family. Since they are South Africans from this area, they know everything there is about living in this area. They are getting a handle quickly in regards to life at the Fold and the daily routine. Because of this, Paul and Micky are now able to go on furlough the end of this year. We will post our general schedule and our fund raising events in our next newsletter. We hope to see most of our churches, supporters, family, and most importantly a brand new granddaughter. Our fund raising schedule is always hectic and also results in extra expenses. This year we not only need airplane tickets, but a new computer for the ministry. We would appreciate any extra help with expenses this year.

Because we now have help, Paul and Micky were finally able to get a weekend away for a long overdue break and a celebration of Paul's birthday. It was a huge blessing to have a break at a friend's game farm. This month only Paul and mama Paulina celebrated a birthday.

This time of year the children look forward to the Academy family fun day. We had our usual booth with various things for sale, and the children had fun running around with their friends and seeing what there was to do.

Our friends Nancy and John Burgett from the US, came for a visit on their way further north into other parts of Africa. It was great to see them. We love it when people come to see us.

We have been informed that we should have our certificate from the Social Development department by the second week of September. We pray this will happen. Once it does, we can start accepting more children at The Fold.

We have just heard the news that Jennifer Hayes has been diagnosed with colon cancer. Please pray for her and her upcoming surgery this next month.

Donations & correspondence can be sent to the following address: 200 Solley Dr, Winchester, MO 63021
Our South African address: P.O. Box 1265 Vaalwater 0530 South Africa

This month we began the first class sessions of our own school system starting with our

preschool children. Rosinah will be teaching preschool and grade R (kindergarten). She came highly recommended not only by the local private school where she worked for 5 years, but also highly praised by one of our own board members. Rosinah spent two weeks working with our children in the past during a school break. She and her two daughters have joined us at the Fold.

This is our new family photo which will be turned into our prayer card for our upcoming furlough.

Prayer requests: Jennifer Hayes surgery. Final approval of our registration with the social welfare Department. Teyani's eye lesion. Du Plessis fund raising. Short and long term volunteers. Additional missionaries to meet current needs at The Fold, especially teachers. Protection and stability for The Fold children. Finances for our trip to the states.

Praises: Du Plessis family has joined us. We can go on furlough this year. We have started our own crèche/preschool. The local interests in The Fold continue to increase. Donations.

God bless,
Paul and Micky Prince
