prince@princeministry.org

Greetings,

March 2015

This month was fairly uneventful with the exception of our communications with the social welfare department. Things seem to change and evolve weekly and sometimes daily. We are now back to applying for the private hostel status. We have found a way of working with the system which would still allow us to care for the category of children on our hearts to help. It seems like a very slim chance that we would be registered as a children's home. Some years from now while we are working as a private hostel, it is a possibility they may decide to allow us to register as a children's home. We still need prayer because some of our children may be affected in the near future.

We had a group of visitors from Texas this month. We always seem to have walls that need a little artistry, and this group was amazing. We are so pleased with the art work and they all had a good time with the children as well. We hope they come back some day. The children loved having them here.

Junior, who turned 3, was our only birthday this month.

Donations & correspondence can be sent to the following address: 200 Solley Dr, Winchester, MO 63021
Our South African address: P.O. Box 1265 Vaalwater 0530 South Africa

The saturation missions team from a local church came for a few visits this month, including a two day stay with a very full schedule to keep the children busy. School is on a 2 ½ week holiday schedule, so they had an amazing start to their holidays. April is already looking like a very busy time for us, with various visitors and holidays.

Prayer requests: Our status and approval by the social workers. Teyani's eye lesion. Short and long term volunteers. Additional missionaries to meet current needs at The Fold, especially teachers. Botzum's future with The Fold. Protection and stability for The Fold children.

Praises: The local interests in The Fold continue to increase. Visitors this month and next month.

God bless,
Paul and Micky Prince
