Greetings,

June 2018

Son Safari had another group of people involved at The Fold. They took on a huge project, building a very large addition to the playground fence, which included taking apart donated pallets and using them to build the new fence, then painting them with creosote to keep the termites from eating the fence. They also bought some new bikes and put them together.

We still need 3 more reviews for Great nonprofits, so we can get on their top-rated award list. Please follow this link and leave us a review:

Our friend Michael Calamia from A World Aware helped our older children to learn how to be mentors to our younger children this month. They worked together to make a program and then spent time with the smaller children with an event that they all enjoyed. They will be involved in future projects as well. We had lots of birthdays this month, Nancy (14), Dawid (6), Lettah (7), Megan (12), Gadibo (15) and Jessica (13).

Prayer requests: Micky's cancer treatment continues while in the US. Short and long-term volunteers, additional missionaries to meet current needs at The Fold, especially teachers. Long term funding for our school. God's favor for the long-term future of The Fold.

Praises: All the progress Dawid has made from his snake bite. Micky continues the milder version of the chemo with no noticeable side effects. All the visitors to The Fold this month. Paul and Micky getting to see family and supporters.

God bless,  
Paul and Micky Prince
