

Greetings,

May 2024

We believe that every child deserves the joy of reading, but for some, the journey is filled with obstacles. Recognizing the struggles that disabilities like dyslexia pose to our students, our dedicated teachers have reached out for specialized assistance. Today, we are thrilled to introduce another ray of hope for our children who face these educational hurdles... we are aiming to turn these challenges into triumphs! Thanks to the kindness of two dedicated donors, we've acquired a special reading curriculum tailored to our needs. And in addition to that, an incredible young specialist in reading education has generously offered to guide our teachers in deploying this curriculum.

A massive shout out to the 15 wonderful volunteers who meticulously organized and prepared the materials, making sure everything is perfect for our teachers and students. As well as the young lady donating her expertise to train our staff — your time will change countless lives!

Jim and Tammy Walters are currently at The Fold with their volunteers and all of the curriculum.

The team had an energetic first day at The Fold. After a long journey, they hit the ground running and wrapped up the day with hearts full of joy. Joy shared a powerful story about the wise and foolish builders, reminding us all to build our lives on a solid foundation. They also spent some special moments sharing 'stand firm' bracelets with the kids, filling the air with smiles and spirit.

Smiles, hugs, and heartfelt moments from The Fold! The team has been immersed in a whirlwind of joy, love, hope, and sharing Jesus with the incredible children here. From arts and crafts to Bible Study and lively skits, every day is a new chapter of inspiration and connection! Seeing the happiness radiate from the children's faces has been deeply fulfilling for the team. It's a reminder of the profound impact of sharing the Hope of Jesus Christ!

Our friend Moji who frequently visits The Fold for education purposes recently spent a whole weekend and brought a group of volunteers who camped out and played lots of games with the Children. Then a few days later he brought the Elevation Home School group with him, and both schools went head to head playing games that stimulated critical thinking and problem-solving.

Jim and Tammy Walters of New Road Missions will be at The Fold until 9 June and will have multiple teams come and volunteer at The Fold during that time. We look forward to more pictures and stories.

The Fold has been so blessed by all our supporters and their continued support. We look forward to the future and pray for the children who will be helped in the future.

God Bless,  
Paul and Micky Prince
